BRUNSIN

rubinetti d'autore made in Italy

Dedicato a Carlo Bellosta

Le nuove collezioni Bellosta Rubinetterie portano la firma di prestigiosi architetti; creatività, design e innovazione sono i punti di forza.

Le collezioni Aperio (design arch. Franco Segre e Michele Rosa), Micheli (design arch. Simone Micheli), Brunsin ed Electa (design arch. Paola Fazio) sono i must have degli ambienti bagno del futuro.

The new Bellosta Rubinetterie collections have the signature of prestigious architects; creativity, design and innovation are the strengths.

The Aperio collections (design by architect Franco Segre and Michele Rosa), Micheli (design by architect Simone Micheli), Brunsin and Electa (design by architect Paola Fazio) are the must-haves of the bathroom environments of the future.

Bellosta

BRIGA | MILANO | ROMA

qualità | artigianalità italianità

1961 anno di nascita di Bellosta Rubinetterie, fondata da Carlo e Carla Bellosta, oggi sotto la sapiente guida dei figli Maurizio e Gabriele. La passione artigiana, la cura del dettaglio che solo la produzione diretta può garantire, e lo studio delle nuove tendenze nel design e nella moda, sono i punti focali di una progettazione attenta alle esigenze sia dell'utente finale sia a quelle del professionista. L'azienda rispetta da sempre gli standard qualitativi di produzione della normativa ISO 9001, certificati dall'Ente svizzero SQS; si distingue anche per l'attenzione nella scelta delle materie prime di alta qualità che adopera (ottone CW617N e acciaio AISI 316L) e nei processi produttivi caratterizzati dalle tecnologie più avanzate a ridotto impatto ambientale.

1961 year of birth of Bellosta Rubinetterie, founded by Carlo and Carla Bellosta, today under the wise guidance of their sons Maurizio and Gabriele. The artisan passion, the attention to detail that only direct production can guarantee, and the study of new trends in design and fashion, are the focal points of a project way that pay attention to the needs both to the end user and both of the professional. The company has always respected the production quality standards of ISO 9001, certified by the Swiss SQS; it also stands out for its attention in the selection of high quality raw materials that it uses (CW617N brass and AISI 316L steel) and in the production processes characterized by the most advanced technologies with reduced environmental impact.

COLLEZIONI D'AUTORE

manifattura completamente italiana

atelier Milano | Roma

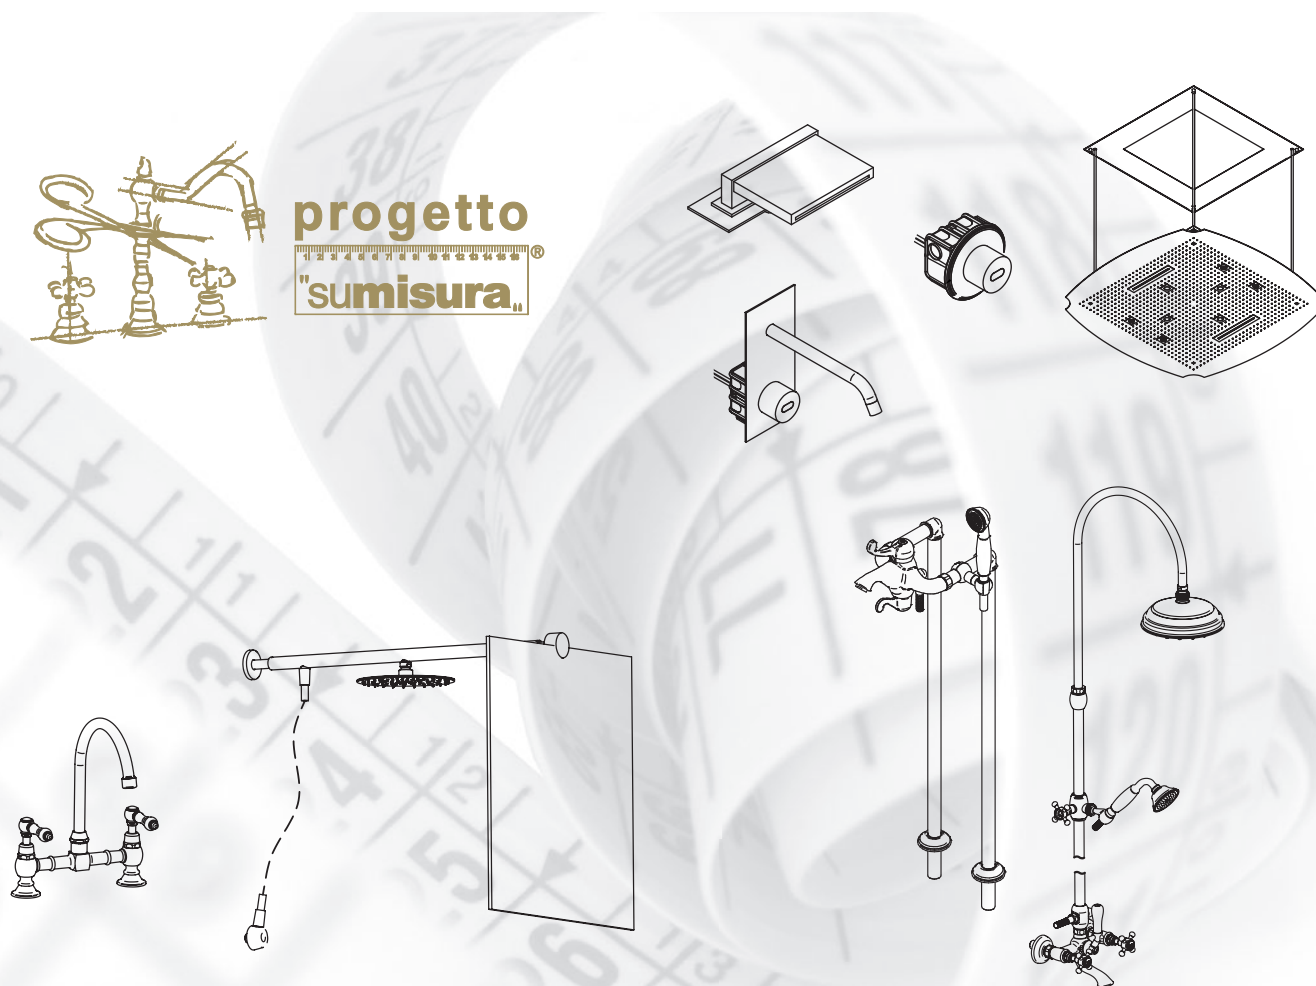

Con il progetto atelier, Bellosta Rubinetterie aderisce alla tendenza dei vip apartments: luoghi di grande fascino, estremamente ricercati nella progettazione e nella cura del dettaglio, nei quali incontrare in un ambiente intimo e riservato i propri ospiti. A Milano il progetto atelier in via Montenapoleone 22 è stato curato dall'architetto Silvia Teruggi, all'interno dell'ex convento monastico della chiesa di San Francesco di Paola. L'atelier di Roma in via Gregoriana 23 è stato curato dallo studio BC Architetti Associati; un luogo inedito, una casetta vagamente aulica posta su una terrazza, una sorpresa dietro le mura a Trinità dei Monti, come solo Roma sa svelare.

With the atelier project, Bellosta Rubinetterie adheres to the trend of vip apartments: places of great charm, extremely sought for design and detailing, in which to meet their guests in an intimate and reserved environment. In Milan, the atelier project located in Via Montenapoleone 22 was curated by the architect Silvia Teruggi, inside the former monastic convent of the church of San Francesco di Paola. The Rome atelier located in via Gregoriana 23 was curated by the architect BC Architetti Associati; an unpublished place, a sort of noble house placed on a terrace, a surprise behind the walls at Trinità dei Monti, as only Rome could reveal.

progetto su misura

Ad architetti e progettisti si vuole offrire l'opportunità di un servizio esclusivo, PROGETTO SU MISURA, personalizzando gli elementi in funzione di specifiche richieste estetiche o problematiche legate a vincoli progettuali. Oltre trenta linee, sviluppate su scala industriale si prestano ad essere modificate nelle dimensioni, nei componenti e nelle finiture per diventare la soluzione ideale in tutte le situazioni in cui è necessario uscire dagli standard. Per informazioni e richieste PROGETTI SU MISURA: ufficiotecnico@bellostarubinetterie.com

To any architects or designers we would offer an exclusive service, the PROGETTO SU MISURA, by customizing the elements in relationship at specific aesthetic request or about projection duty. The size, components and finishings of over thirty industrial scale lines can be modified to perfectly fit all those situations that demand non-standard solutions. For informations and PROJECTS "SU MISURA" requests: ufficiotecnico@bellostarubinetterie.com

finiture d'autore

Nel momento in cui manutenzione e pulizia NON vengano effettuate in modo adeguato e continuativo, si ricorda che la Garanzia sulle finiture DECADE.

When maintenance and cleaning NOT be made adequately and continuously, please note that the Warranty on finishes DECAY.

nuove tendenze

11-2705/S

Franco Segre nasce a Milano nel 1965 e si laurea nel 1990 al Politecnico di Milano. Ha progettato e realizzato numerosi edifici residenziali, commerciali, terziari e ricettivi in Italia ed Europa. Attualmente sono in corso di realizzazione uffici per importanti compagnie come Lindt e Eolo e un importante complesso alberghiero in Sardegna. Con il suo studio progetta e realizza elementi di arredo e di disegno industriale, allestimenti di mostre e stand espositivi. Il metodo di progettazione e conduzione del lavoro è finalizzato alla ricerca di un'elevata qualità architettonica, costruttiva, e di corretto inserimento ambientale e paesaggistico per mezzo di costanti veri che sul progetto e sull'area di intervento.

Franco Segre was born in Milan in 1965 and graduated in 1990 at the Milan Polytechnic. He has designed and built numerous residential, commercial, tertiary and receptive buildings in Italy and Europe. Currently offices are being built for important companies such as Lindt and Eolo and an important hotel complex in Sardinia. With his studio he designs and realizes elements of furniture and industrial design, exhibitions and exhibition stands. The method of designing and conducting the work is aimed at finding at searching of high architectural quality, constructive, and of a proper environmental and landscape insertion by means of true constants that on the project and on the area of intervention.

Michele Rosa nasce a Varese nel 1982. Dopo essersi diplomato al Liceo Artistico Angelo Frattini di Varese, si iscrive al Politecnico di Milano e frequenta la Facoltà del Design, conseguendo la laurea specialistica in Disegno Industriale con una tesi realizzata in collaborazione con Whirlpool EMEA. Dal 2015, dopo una serie di esperienze maturate in ambito aziendale, opera come designer freelance, collaborando con diverse realtà italiane e internazionali. Dal 2016 collaborano a progetti comuni legati al mondo del design.

Michele Rosa was born in Varese in 1982. After graduating from the Liceo Artistico Angelo Frattini of Varese, he enrolled at the Polytechnic of Milan and attended the Faculty of Design, obtaining a degree in Industrial Design with a thesis created in collaboration with Whirlpool EMEA. Since 2015, after a series of experiences gained in the business environment, he works as a freelance designer, collaborating with various Italian and international companies. From 2016 they collaborate on common projects related to the world of design.

Aperio nasce dalla ricerca della semplicità, dalla voglia di cambiare un oggetto d'uso comune come il rubinetto, spogliandolo dalle convenzioni e rendendone intuitivo il funzionamento.

Aperio is born from the search for simplicity, the desire to change an object in common use as the tap, stripping it from conventions and making it intuitive for the using.

11-274010

11-2705/S/T/E+734012

96-2705/A

Il funzionamento di Aperio è semplice quanto le sue forme, l'assenza di spigoli e le sue superfici continue facilitano le operazioni di pulizia e richiamano il fluire dell'acqua. La collezione Aperio prevede l'aeratore con limitatore di portata per il risparmio idrico.

The operation of Aperio is as simple as its shapes, the absence of edges and its continuous surfaces makes facilitate cleaning and recall the flow of water. The Aperio collection includes the aerator with flow limiter for water saving.

01-2707/S

01-2705/S

Abbiamo tratto ispirazione dai gesti che si compiono nel versare, azione durante la quale la quantità d'acqua viene gestita variando l'inclinazione del contenitore.

We took inspiration from the gestures that are performed in the pouring, action during which the amount of water is managed by varying the inclination of the container.

35-274009

35-2705/R/B/E+274018

35-2705/R/B/E+274018 | 35-2730

75-2705/S

75-2707/S

È così, dall'osservazione di questo movimento che è nata l'idea di Aperio: un miscelatore che, proprio come una bottiglia, regola la portata dell'acqua a seconda dell'inclinazione della propria bocca.

It is thus from the observation of this movement that the idea of Aperio was born: a mixer that, just like a bottle, regulates the flow of water according to the inclination of the spout.

MICHELI

DESIGN ARCH. SIMONE MICHELI

Simone Micheli ha fondato l'omonimo Studio d'Architettura nel 1990 e nel 2003 la società di progettazione "Simone Micheli Architectural Hero" con sede a Firenze, Milano, Puntaldia, Dubai, Rabat e Busan. È curatore di mostre tematiche, "contract" e non solo, nell'ambito delle più importanti fiere internazionali di settore. Rappresenta nel 2007 l'interior design italiano partecipando al "XXX Congreso Colombiano de Arquitectura" a Baranquilla in Colombia e nel 2008 alla Conferenza Internazionale di Architettura per il contract ad Hannover in Germania. Firma nel 2008 la mostra "La Casa Italiana" nel Museo della Scultura "Mube" a San Paolo in Brasile; del 2009 sono le mostre presso il Museo "Franz Mayer" di Città del Messico e nel "Centro de las Artes" a Monterrey. È docente presso il Poli.Design e presso la Scuola Politecnica di Design di Milano.

La sua attività professionale si articola in plurime direzioni: dall'architettura all'architettura degli interni, dal design al visual design passando per la comunicazione; le sue creazioni, sostenibili e sempre attente all'ambiente, sono connotate da forte identità e unicità. Numerose sono le sue realizzazioni per pubbliche amministrazioni e per importanti committenze private connesse al mondo residenziale e della collettività.

I suoi lavori sono stati presentati nell'ambito delle più importanti rassegne espositive internazionali e ha tenuto conferenze e lectio magistralis presso università, istituti di cultura, enti e istituzioni di varie città del mondo. Molte sono le pubblicazioni su riviste italiane e internazionali e le interviste realizzate.

www.simonemicheli.com

Simone Micheli founded the homonymous Studio d'Architettura in 1990 and in 2003 the "Simone Micheli Architectural Hero" design company based in Florence, Milan, Puntaldia, Dubai, Rabat and Busan. He is curator of thematic exhibitions, "contract" and not only, within the most important international trade fairs. In 2007 he represented Italian interior design at the "XXX Congreso Colombiano de Arquitectura" in Baranquilla in Colombia and in 2008 at the International Conference of Architecture for the contract in Hannover, Germany. In 2008 he signs the exhibition "La Casa Italiana" in the "Mube" Sculpture Museum in São Paulo, Brazil; in 2009 are the exhibitions at the "Franz Mayer" Museum in Mexico City and in the "Centro de las Artes" in Monterrey. He teaches at the Poli.Design and at the Polytechnic School of Design in Milan.

His professional activity is articulated in multiple directions: from architecture to interior architecture, from design to visual design through communication; his creations, sustainable and always look at to the ambient, are characterized by strong identity and uniqueness. Many are his achievements for public administrations and for important private commissions connected to the residential world and the community. His works have been presented in the most important international exhibitions and held conferences and lectio magistralis at universities, institutes of culture, of various cities of the world. A lot of Italian and international magazines and interviews were been published.

Tratti essenziali e rigorosi hanno animato il concept della collezione Micheli disegnata dall'architetto Simone Micheli per Bellosta Rubinetterie.

Essential and rigorous lines have animated the concept of the Micheli collection designed by architect Simone Micheli for Bellosta Rubinetterie.

DESIGN ARCH. PAOLA FAZIO

Paola Fazio è nata a Torino il 12 settembre 1967, appassionata di arte ed architettura fin da bambina, si è laureata nel 1998 presso la Facoltà di Architettura di Genova. Iscritta all'Ordine degli Arch. di Genova ed all'Otia (Svizzera), svolge la professione come libera professionista dal 1999. Per un decennio è stata socia dello studio IFAssociati con il quale ha realizzato progetti di pregio per Committenza pubblica e privata. Nell'ultimo decennio si è specializzata in progetti sostenibili ed efficienza energetica. Dal 2008 è Progettista CasaClima e dal 2016 è EGE certificato Rina/Accredia e svolge attività didattica in ambito energetico. Le peculiarità principali dello Studio: competenza, esperienza ventennale, ricerca del dettaglio, cura nelle scelte progettuali, l'attenzione alle esigenze del cliente, unite alla dinamicità ed elasticità durante la fase operativa.

Competenze specialistiche:

- Progettazione architettonica 2D-3D (Revit, Bim, Domuns3D).
- Progettazione esecutiva e costruttiva.
- Valorizzazione ed ottimizzazione dei patrimoni immobiliari.
- Assistenza alle imprese e consulenza tecnica per gare pubbliche.
- Project Management, progettazione ed esecuzione.
- Consulenza per Bandi: Life, Horizon, Fesr, Filse.
- Energy Management: efficientamento e risparmio energetico edifici, attività industriali, pubbliche amministrazioni.
- Progetti di mobilità sostenibile, riutilizzo dei materiali e valorizzazione dei rifiuti riciclabili.
- Consulenza in ambito di progettazione urbanistica e mobilità sostenibile.

Paola Fazio was born in Turin on 12 September 1967, passionate about art and architecture since she was a child, she graduated in 1998 at the Faculty of Architecture of Genoa. Registered with the Order of Architects of Genoa and at Otia (Switzerland), she has been practicing as a freelancer since 1999. For a decade she has been a member of the IFAssociati studio with whom she has created prestigious projects for public and private clients. In the last decade it has specialized in sustainable projects and energy efficiency. Since 2008 he has been a CasaClima Designer and since 2016 he has been a certified Rina / Accredia EGE and carries out educational activities in the energy field.

The main features of the Studio: expertise, twenty years of experience, research into detail, care in design choices, attention to customer needs, combined with dynamism and flexibility during the operational phase.

Specialist skills:

- 2D-3D architectural design (Revit, Bim, Domuns3D).
- Executive and constructive planning.
- Valorization and optimization of real estate assets.
- Business assistance and technical advice for public tenders.
- Project Management, planning and execution.
- Advice for Bandi: Life, Horizon, Fesr, Filse.
- Energy Management: energy efficiency and energy saving for buildings, industrial activities, public administrations.
- Projects of sustainable mobility, reuse of materials and valorization of recyclable waste.
- Consultancy in the urban planning and sustainable mobility.

La collezione Electa prende il nome dalla macchina da scrivere Electa - Torino, degli anni '30 del secolo scorso.

The Electa collection takes its name from the Electa - Turin typewriter from the 1930s.

BRUN SIN

DESIGN ARCH. PAOLA FAZIO

Paola Fazio è nata a Torino il 12 settembre 1967, appassionata di arte ed architettura fin da bambina, si è laureata nel 1998 presso la Facoltà di Architettura di Genova. Iscritta all'Ordine degli Arch. di Genova ed all'Otia (Svizzera), svolge la professione come libera professionista dal 1999. Per un decennio è stata socia dello studio IFAssociati con il quale ha realizzato progetti di pregio per Committenza pubblica e privata. Nell'ultimo decennio si è specializzata in progetti sostenibili ed efficienza energetica. Dal 2008 è Progettista CasaClima e dal 2016 è EGE certificato Rina/Accredia e svolge attività didattica in ambito energetico. Le peculiarità principali dello Studio: competenza, esperienza ventennale, ricerca del dettaglio, cura nelle scelte progettuali, l'attenzione alle esigenze del cliente, unite alla dinamicità ed elasticità durante la fase operativa.

Competenze specialistiche:

- Progettazione architettonica 2D-3D (Revit, Bim, Domuns3D).
- Progettazione esecutiva e costruttiva.
- Valorizzazione ed ottimizzazione dei patrimoni immobiliari.
- Assistenza alle imprese e consulenza tecnica per gare pubbliche.
- Project Management, progettazione ed esecuzione.
- Consulenza per Bandi: Life, Horizon, Fesr, Filse.
- Energy Management: efficientamento e risparmio energetico edifici, attività industriali, pubbliche amministrazioni.
- Progetti di mobilità sostenibile, riuso dei materiali e valorizzazione dei rifiuti riciclabili.
- Consulenza in ambito di progettazione urbanistica e mobilità sostenibile.

Paola Fazio was born in Turin on 12 September 1967, passionate about art and architecture since she was a child, she graduated in 1998 at the Faculty of Architecture of Genoa. Registered with the Order of Architects of Genoa and at Otia (Switzerland), she has been practicing as a freelancer since 1999. For a decade she has been a member of the IFAssociati studio with whom she has created prestigious projects for public and private clients. In the last decade it has specialized in sustainable projects and energy efficiency. Since 2008 he has been a CasaClima Designer and since 2016 he has been a certified Rina / Accredia EGE and carries out educational activities in the energy field.

The main features of the Studio: expertise, twenty years of experience, research into detail, care in design choices, attention to customer needs, combined with dynamism and flexibility during the operational phase.

Specialist skills:

- 2D-3D architectural design (Revit, Bim, Domuns3D).
- Executive and constructive planning.
- Valorization and optimization of real estate assets.
- Business assistance and technical advice for public tenders.
- Project Management, planning and execution.
- Advice for Bandi: Life, Horizon, Fesr, Filse.
- Energy Management: energy efficiency and energy saving for buildings, industrial activities, public administrations.
- Projects of sustainable mobility, reuse of materials and valorization of recyclable waste.
- Consultancy in the urban planning and sustainable mobility.

Il nome della collezione Brunsin, nasce dal termine genovese "Bronzin", che venne definito nell'antico Vocabolario Genovese-Italiano del 1851.

The name of the Brunsin collection comes from the Genoese word "Bronzin", which was defined in the ancient "Genoese-Italian" Vocabulary of 1851.

Quell'ordigno di metallo e perlopiù di bronzo, da cui trae l'etimologia, che si adatta ad un tubo, ad una fontana, o simile per dar la via all'acqua, o per tenerla rinchiusa quando si gira quel pezzo, che propriamente dicesi Chiave il quale entra perpendicolarmente nel Boccio, che è il tubo o canna, ond'esce l'acqua, fermato alla fontana da un capo, che chiamasi la Madre.

That metal and mostly bronze device, from which it draws the etymology, which adapts to a pipe, to a fountain, or similar to give way to water, or to keep it closed when turning that piece, which properly it is called Key which enters perpendicularly into the Boccio, which is the pipe or barrel, and the water exits, stopped at the fountain by a head, which is called the Mother.

La stessa forma estetica della maniglia,
che richiama le antiche chiavi dell'acqua,
è la protagonista indiscussa
di una collezione dalla forte personalità,
disegnata dall'architetto genovese
Paola Fazio.

The same aesthetic shape of the handle,
which recalls the ancient keys of water,
is the undisputed protagonist
of a collection with a strong personality,
designed by the Genoese architect
Paola Fazio.

ASCOLTARE, PENSARE, FARE è la formula che abbiamo scelto per descrivere l'attenzione con cui interpretiamo i desideri del cliente, elaboriamo soluzioni ed esprimiamo proposte che ne soddisfino i gusti e le esigenze. Con lo stesso spirito, con lo stesso entusiasmo, oggi come oltre cinquantotto anni fa.

LISTEN, THINK, ACT is the philosophy that we use to describe the attention by which we interpret the wishing of the client, we find solution and make proposal for meet the taste and exigent. With the same mind and passion, today like more than fifty-eight years ago.
